Germans Declare Today Two More
Forts Have Been Silenced at
Belgian Capital.

POINT TO SUCCESS IN FRANCE

French Compelled to Retreat Considerable
Distances Along the
German Right.

(By United Press.)
Berlin, (By Wireless) Oct. 7.—The capture of Antwerp is certain within a few days at the most, was the announcement made by the general staff today. It was stated that two additional forts have surrendered to the Germans. Bombardment with the big siege guns proved too much for the garrison and after the walls of the fort had been battered almost to powder, the garrison surrendered. The bombardment of the inner ring of forts is being pushed at every point and already noticeable impressions have been made. The general staff is confident that the Belgian resistance can not be maintained much longer.

The general staff today issued a statement declaring that the Germans are enjoying uninterrupted success on the right in France and are gradually driving the French back. The fighting is of the most bitter character but at several points, the official reports says, the resistance of the allies has decreased noticeably.

A big battle is expected soon on the eastern frontier where the Germans are everywhere on the offensive.

The war office declares that as a result of the co-operation between the armies of Generals Von Boehn and Von Kluck the French have been compelled to retreat for considerable distance along the German right. In addition they are declared to have been compelled to withdraw large forces from their centre to reinforce their left wing in order to avert a disaster. The official report declares that the German offensive on the western end of the battle line is constantly increasing in its intensity and that the French are being driven back and enveloped.

DIRECTORS RE-ELECTED

East Hill Cemetery Association
Picks Same Board.

The stockholders of the East Hill Cemetery association at the annual meeting held in A. L. Gary's office re-elected the same board of directors. The board is composed of Alvin Hinchman, R. A. Innis, E. A. Frazee, Ab Denning and A. L. Gary. A. L. Gary, R. A. Innis and Ab Denning were elected for a period of three years and the other two members for one year. The board has not yet met and perfected an organization. According to the rule of the association, the secretary and treasurer are selected from outside the board. Wilbur Stiers is at present secretary and Henry McGuire is the treasurer and these men, will likely be re-elected. Ab Denning was president of the board during the last year.

The teachers and officers of the St. Paul's M. E. Sunday school will meet tonight at Mrs. Rebecca Jordan's on West Third street promptly at 7:30 o'clock. Interesting work in Bible study and the usual business and social features make it important that the membership should attend.

CORN CROP LOOKS BETTER

Per Cent of Normal Larger Than on
Oct. 1, 1913.

(By United Press.)
Washington, Oct. 7.—The condition of the corn crop was 72.9 per cent of normal compared with 71.7 per cent. on Sept. 1, 65.3 per cent. on October 1 last year and 79.1 per cent of the ten year average on October 1, according to the monthly general crop report of the department of agriculture made today.

NO UNPLEASANT THINGS TO ARISE

Officials Expect Assurances From
Japan She Will Not Hold German
Possessions, Marshall Islands.

NOT VIOLATION ON HER PART

(By United Press.)
Washington, Oct. 7.—Formal assurances are expected soon, both from Japan and Great Britain, her ally, state department officials indicated today that Japan does not intend permanently to hold the Marshall Islands, German possessions in the South Sea seized by Japan.

Administration heads insist that unpleasant complications from the seizure of the islands are most improbable.

Officials pointed out today that the Japanese seizure does not actually violate Japan's pledge to confine her war activity to the Far East. This assurance from Japan has a proviso—except to protect Japanese shipping. Under this exception Japan is acting, according to informal representations received from Tokio.

The official opinion is that Great Britain would demand, (even if Japan should refuse voluntarily,) relinquishment of the Marshall Islands.

CONTINUE TO TRY TO ENVELOP ENEMY

Statement of French War Office Admits That Germans Are Pressing
Their Left Wing.

CAVALRY PROLONGS BATTLE

(By United Press.)
Paris, Oct. 7.—The Germans continue their enveloping movements in Northwestern France, according to the official three o'clock communique. It states that the battle continues with great violence on the French left and has now extended to the vicinity of Lens and La Bassée.

La Bassée is in the department of the Nord on the canal of La Bassée and is midway between Arras and Lille while Lens is some six miles further south.

The battle here is declared to be prolonged by enormous masses of cavalry who are said to be centered at Armentieres, near Lille.

In the Woevre district it is stated that the Germans are trying vainly to check the French steady advance.

Elsewhere it is announced that the situation is unchanged.

WILL DRESS CITY UP FOR OCCASION

Business Men and Manufacturers
Will be Urged to Have Booths
Fall Festival Week.

COMMITTEE TO ATTEND TO IT

Superintendents of Classes in Horse
Show Are Named and Other
Committees Appointed.

An effort will be made to put the city in gala attire for fall festival and horse show week, which begins the nineteenth. A committee of three business men, Will Abercrombie, Ben Vigran and Jack Knecht has been appointed to visit the merchants and get them to build attractive booths in front of their business houses.

Lumber dealers here have been interviewed and have stated that they will treat the merchants right when they go to buy lumber for their booths. It was estimated that the booths would range in cost from six to ten dollars, according to the size built.

Manufacturers and others who do not have a downtown place of business will be asked to make a display in booths around the court house square. The fall festival committee wants to live up to the event considerably more than has been done in the past.

The city council last night granted the request of the fall festival and horse show committees for electric lights on the west court house lawn during the week. The city will do the wiring and will furnish the current free of charge as has been done in the past.

A representative of one of the committees expected to go to Indianapolis this afternoon to see what sort of arrangements could be made for some free attraction. He will consult a booking agency in Indianapolis and consult with the committee before acting. It is believed that at this season some good outdoor acts can be obtained at a reasonable figure.

Last night a number of committees and persons to serve during the horse show were named. Will Brown was named marshal of the show, with the following assistants: Alva Eikens, Earl Harton, Herschel Miller, Glen Miller, Ed Schantz, Will Wewee, Donald Alexander, Russell Northern and Walter Starks. Members of the committee on stalls are as follows: Homer Powell, Willard Amos, P. A. Miller, Berlin Caldwell, Charles Myers and Silverton Bebout. Stalls and straw will be furnished free to all exhibitors.

Superintendents of classes in the horse show have been appointed as follows: class 1, heavy draft, Robert Cook; class 2, mules, Ernest Powers; class 3, ponies, Everett Piper; class 4, general purpose, Earl Harton; class 5, light harness, Bert Osborne; automobile parade superintendent, Elmer Caldwell; race starter, Frank Jones; superintendent of fireworks, Sherman Oneal; superintendent of corn show, which will be held at Oneal Brothers, John C. Blackledge.

Many entries are already being received by the horse show men. Sherman Oneal, president of the horse show organization, makes it emphatic that the horse show is open to the world. He says it is known now that there will be entries from Illinois, Ohio and Kentucky, and possibly Michigan, in addition to Indiana.

The Ladies Altar society of the Catholic church will hold an exchange in the room formerly occupied by Malady's candy kitchen Saturday.

NUMBER IS LESS THAN 2 YEARS AGO

Complete Registration Returns Show
Falling Off of 116 as Compared
With 1912.

IS STILL BIGGER THAN VOTE

Political Leaders Say it Shows 501
Registered Voters Stayed at
Home Last Year.

While all political parties are satisfied with the returns from the registration held Tuesday, there is some little surprise in the figures. There is no chance to deny that the figures do present some interesting facts as compared with the vote and registration of two years ago. With the complete returns from Tuesday's registration, it is found the total number of voters in Rush county entitled to vote in November is 5,892.

This figure looks quite large but is not as large by 116 as the total registration two years ago. But at the same time the total registration this year is 385 larger than the total vote cast for governor two years ago. The vote for governor in 1912 was 5,507 with 6,008 voters registered. This is one of the strange things about the registration. Political leaders are asking what became of those 501 voters who were registered two years ago and did not vote.

When 6,008 voters registered two years ago as compared with 5,892 this year, it should be remembered that the voter had three days in which to register two years ago and only one this year. Those five hundred voters who did not vote two years ago may play an important part in the coming election.

In stating yesterday that the registration in Noble township fell off over the vote two years ago, the Republican was in error. The vote given for Noble township was that for Union and the registration there showed a gain. The complete returns and the vote of 1912 are as follows:

SECOND EVER HELD HERE

Cornerstone Laying Yesterday Recalls
Some Local History

It is stated by many Rushville people who have lived in Rushville all their lives that yesterday was the second time a cornerstone of a building was ever laid with appropriate ceremony. The first time was when the court house was being constructed. Much credit is given Col. E. H. Wolfe, of this city, state inspector, for successfully arranging the Masonic ceremony. J. H. Scholl, superintendent of the schools, this morning sent letters of appreciation to all those who assisted to make the cornerstone laying at the Graham Annex a success.

JOE LYONS, HARNESS MAKER' DROPS DEAD

Falls Over This Morning of Heart

Disease on Spot Where He Told
Eighteen Years

GREAT FRIEND OF CHILDREN

Joe Lyons, harness maker at the Cowing harness, buggy and implement store for eighteen years, died suddenly this morning of heart disease while at work over the harness bench. He was fifty-five years old. Mr. Lyons fell over and died without uttering a word. It was ten minutes before any physicians reached his side, and he was almost dead then. Ben Norris, who was sitting in the store when Mr. Lyons fell and who brought Drs. J. G. Lewis and H. V. Logan to the store in his automobile, said he knew there was no chance to save him. Coroner Barnett of Homer said his death was due to heart disease.

Mr. Lyons was born south of Rushville, August 21, 1859 and was the son of Jesse and Polly Lyons. He is survived by two sisters, Mrs. Fannie Carr of Indianapolis and Gertrude Lyons of Fort Wayne, and one brother, Charles Lyons of this city. He was a member of the Red Men's lodge. The lodge will have charge of the funeral. A sister, Mrs. Kate Rhodes, died of heart trouble in Indianapolis over a year ago.

Many little hearts in Rushville will be saddened by the news of the death of the venerable Joe Lyons. He had a host of child friends who worshipped him. He often gave them pennies and always noticed them. Frequently as many as half dozen children came and visited him as he bent over the bench at Cowing's store.

GERMAN DESTROYERS SUNK.

(By United Press.)
The Hague, Oct. 7.—It is announced that a German destroyer has been sunk either by a mine or a torpedo in the North Sea at a point the location of which is withheld. All of the crew were saved by a German cruiser.

ROBERTS ACQUITTED.

Taylor Roberts, age sixty years, a resident of Charlottesville, at the northern boundary of Rush county, who was charged with arson, was acquitted by a jury in the Madison county circuit court at Anderson last night. The jury was out three hours. The charge was preferred by representatives of the state fire marshal's office after having caught Roberts in alleged attempt to burn a house at Alexandria valued at \$75, on which \$250 in insurance was carried. The trial lasted for four days.

MAY CLEAR ALL THE SIDEWALKS

One Thing Leads to Another Until
Council Plans Ordinance to Prevent
All Kinds of Obstructions.

GASOLINE TANKS COME FIRST

Probable Old Ordinance Allowing
Merchants Three Feet of Display
Space Will be Repealed.

The city council plans a little clean up campaign of its own and if all the things suggested at the regular meeting last night are put through there is likely to be one large long wail go up from the merchants. The clean-up movement started when the council ordered all gasoline tanks on the sidewalks removed.

From this the council drifted to all classes of merchants and an ordinance may be passed against using the sidewalks for display purposes. Some of the members seemed to think that if they ordered one certain thing removed that they should treat all alike and order the side walks all over the city cleared.

Junk dealers hauling paper over the streets will also feel the effects of the council's legislation. The dealers hauling paper usually leave a large amount of the paper on the streets and the city has to do the cleaning. The gasoline tanks ordered removed from the sidewalks were those owned by Odice Jones, who owns a garage in West Second street, F. E. Wolcott and Knecht and Gartin. These tanks are covered with a shed and are considered dangerous as well as unsightly by the council. This naturally led to a discussion of making the garage remove the pumps from the sidewalks where the tank is under ground. Only the tanks covered by sheds were ordered removed but all obstructions on the sidewalks may be removed before the clean-up movement is completed.

The present ordinance gives the merchants three feet in front of their places of business for the display of goods. It was held that sales were made from the displays and that actual selling was made from the sidewalk. Before the clean-up is over the sidewalks may be cleared of everything, gasoline tanks and all. The old ordinance may be repealed and a new one drawn as the ordinance committee requested the city attorney to draw up a new ordinance and present it at the next meeting.

The reason for all this, according to the members of the council, is that numerous complaints have been made regarding the unsightly condition of the streets and alleys and that some merchants took advantage of the sidewalks for display purposes.

Miss Agnes Winston appeared before the council in regards to the construction of a sidewalk in East Ninth street in front of her property and before leaving threatened the city with a law suit. The contract for the sidewalk has been let to A. H. Herkless and now Miss Winston wants to construct the walk under private contract. She stated that she did not know the contract was to be let. The council told her that it would be satisfactory to the city if she could get Herkless to let her construct her part of the walk. But she did not think he would let her and stated that she had been told by a good lawyer that she could bring suit and make things warm for the city.

The council let the contract in a legal manner advertised for remonstrators but none appeared. The council held that the city was not responsible because Miss Winston did not get

PULL NEEDED TO GET IN BUILDING

Critics at Y. M. C. A. in Indianapolis Say Statement is Right as it is a Clubhouse

ARE AN ARISTOCRATIC BUNCH

(By United Press.)

Indianapolis, Oct. 7.—When the local Y. M. C. A. issued its most recent prospectus, advertising its various departments, it spread in red ink over the face of the folder a statement that gave critics of the institution as conducted here, the opportunity they had been looking for.

The red-ink statement read: "A Clubhouse for You."

The critics say that the local association building, so far as the dormitories are concerned, is little else than a clubhouse for an aristocratic order—that 99 percent of the men living there work with their heads, wear fashionable clothes, and make comfortable salaries. Some of the critics live in the Y. M. C. A. and they say that a young man of good family who has a pull, can get a room in the "Y" on short notice, whereas a poor boy from out of town, who hasn't a good job or good clothes, and who has no pull, is put on a waiting list of a hundred or more with a chance of getting a room about a year hence.

The new folder is devoted largely to an exposition of the educational department, calling upon young men to increase their efficiency by attending high school. Regarding physical exercise, the pamphlet says to neglect the body is "committing suicide on the installment plan." Cost of a full membership in this association is \$20 a year other memberships can be had for \$15, including the entrance fee.

Good Things Never Sell Below Par

But many an inferior article is sold for twice its worth. This is especially so in vehicles. Very few dealers sell buggies at one price to all. We do and everybody pays the same. That is the reason our buggies are lower priced than our competitors. We have but one price and it has to be low enough to impress our customers and get the business. We want you to see our storm buggies. They are the best that can be bought and we believe we have the only door that can not and will not rattle. You can not find a better storm buggy with a better reputation for road service or a finer looking one than we have but you can find higher priced ones that simply mean more profit tacked on. Be guided by these facts rather than led by false hopes and when you get ready for a storm buggy we want to show you the best line you ever looked at and at a price that represents value received. You will eventually buy your buggies of Spivey. Why not start now?

WILL SPIVEY at Oneal Bros.

Health First

In buying food articles we must consider several things—economy, results, convenience, reliability; but the most important is Health.

Health means everything. If one gets cheated in buying dresses, shoes or bonnets it is provoking, but the harm is chiefly loss of money. In buying food articles, if imitations or poor stuffs are supplied, there is a loss of money and probably an injury to health also; and good health is beyond price.

Remember these facts when buying baking powder.

Why not now?

Backs Wells Up.

The Public Press of this city, the leading Democratic newspaper of Clarke County, in a recent issue backs up Editor Samuel B. Wells of the Scottsburg Journal in his demand for an explanation of the nefarious things put over by the Taggart-Fairbanks machine in the last legislature. The Public Press wants an explanation from Homer L. Cook, the Democratic nominee for Secretary of State, who was speaker of the house in that session and makes it plain that it is not wearing the Taggart-Fairbanks-Ralston-Cook collar.

Under the heading of "Cook Should Come Through" the Public Press says:

"Editor Samuel B. Wells, of the Scottsburg Journal, seems to have stirred up a hornet's nest by his criticisms of Speaker Homer L. Cook, nominee for Secretary of State, with reference to the Lake County Recorder Bill that is printed in the Acts of 1912, when the bill was indefinitely postponed in the House while it was on its way through the House.

"Speaker Cook recently made a partial explanation that did not explain, and the matter is as much beclouded now as it was when it was first made known.

"The Public Press understands that efforts will be or have been made to get Speaker Cook off the ticket, as many prominent Democrats are reported to be of the opinion that if he remains at the head of the ticket the whole ticket may be defeated. It is surely the right of the people to know the truth about this matter and it should be the interest of the Democratic party and especially to Mr. Cook to come through with an explanation that will explain, instead of an invasion of the responsibility."

Commenting on this editorial, Editor Wells of the Scottsburg Journal, in this week's issue says:

"Read the editorial of Frank Gwin, Editor of the Public Press, of New Albany, about Homer Cook's letter which we published last week. Mr. Gwin has the right idea, that Cook's letter of explanation is a letter that Does Not Explain. But Mr. Gwin in making that remark lays himself open to the charge of Sam Ralston, as being a democrat that belongs to the class of 'Scurrilous Hounds,' who are such according to Ralston because they demand the Truth and All The Truth."

In its regular semi-annual statement to the post-office department regarding ownership, management and circulation, printed on October 3d, the Star League presented the following: "Holders of \$230,000 bonds unknown to affiant."

Could it be possible that Crawford Fairbanks, the big Democratic boss, owns these bonds? Or are they in the hands of George W. Perkins?

Democrat Paper's Views.

(Cincinnati Enquirer.)

The direct tax bill now under consideration in the United States Senate proposes to place additional burdens upon the active business operations of the people of the United States.

There seems to be no end of these efforts to make the energetic, the active, the industrious, bear the cost of government or misgovernment; to compel them to furnish the funds for government expenditures; to make them the burden bearers in every form, shape and manner, mere tribute bringers to those in political power.

This is the odious process of the middle ages; this is the form of taxation that was practiced by the overlords, the robbing Barons, Princes and Sovereigns of European and Asiatic continents in the days when liberty was unknown and tyranny was universal; this is the process

that prevents progress, that stifles prosperity, that hinders the extension and expansion of commerce, that blights industry and compels bad times.

The Democratic party, in time of peace, through failure of its tariff legislation to produce sufficient revenue to cover the expenses of the Government, now goes on record as confessing that failure by bringing forward a tax measure calculated to compel the business interests of the United States to pay \$100,000,000 per annum into the treasury of the republic.

This is a confession of a legislative failure; it is confession of a financial blunder in legislation; it is a new record, a poor record, a fatal record for the party in power to make when it has to go before the people for approval of such a huge new tax at a time when it congratulates itself as preserving peace for the republic both at home and abroad.

The business interests of the country have been slurred, abused, buffeted, called lobbyists, investigated, and many of them slandered for years in the past, and now they are to be held up by the Federal Government with demands for \$100,000,000 more taxes in a time of profound peace.

Throughout Latin America the entire theory of taxation is that of making the active business of the country bear the burdens of the costs, of government, and this Mexican system is now finding favor with the Democratic leaders who proposes this war tax when there is no war, even to protect our citizens abused and insulted, humiliated and robbed in foreign lands.

The United States Senate should refuse to pass this measure of taxation directed against the live and active business interests of their country.

The Democratic declaration of a tariff for revenue only should have been adhered to in letter and in form, and that tariff should have been made sufficient in its provisions to have produced the revenue required to run the Government.

Let the tariff be revised now; let it be made a greater revenue producer; better a confession of the failure of the revision by agreeing to amend than by this effort to tax the active business interests of the United States.

The Rev. Herbert H. Peters of Connorsville will fill the pulpit at the First Presbyterian church Sunday. His morning subject will be, "Living Faith" and his evening topic, "The Ninth Letter."

NOTICE OF IMPROVEMENT

RESOLUTION NO. 36.
A resolution for the Improvement of East Ninth Street from Willow Street to George Street, in the City of Rushville, Indiana

Be it resolved by the common council in the city of Rushville, Indiana, that it is deemed necessary to improve the North side of Ninth street from Willow street to George street by constructing cement sidewalks and grading laws, in accordance with the profile, details, drawings and specifications on file in the office of the department of the common council of said city; and such improvement is now ordered.

The cost of said improvement, including the cost of actually received by the city from the real estate abutting on the north side of east Ninth street between Willow and George street, and upon the city of Rushville, Indiana, if said city is benefited by such improvement of all property according to the method and manner provided for in the acts of the general assembly of the State of Indiana, entitled, "An Act concerning the municipal corporation," approved March 6th, 1905, and act amendatory and supplemental thereto. Assessments if deferred are to be in ten equal annual installments, with interest at the rate of six per cent per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owner pay said assessment before said bond or bonds are issued. Under no circumstance shall the city of Rushville, Indiana, be or held responsible for any sum or sums due from said property owner or owners from said work or for the collection of same, or for the payment of any bond, bonds, certificate, or certificates issued to said contractor in payment for such work, except for such moneys as shall have been paid to said city, and the city shall be held responsible for the collection of such moneys as said city is by said above entitled act required to pay. All proceedings had, and work done in the making of said improvement, assessment of all property, collections of assessments, and issuance of bonds therefor shall be as provided for in the said above entitled act and amendments thereto.

The Common Council has fixed Thursday, the 22d day of October, as a day upon which remonstrances may be filed and heard by persons interested in or affected by said described public improvement on said day at 7:30 p. m. said Common Council will meet at the Council Chamber in said city of Rushville for the purpose of hearing and considering any remonstrances which may have been filed or which may be presented, and will hear all persons interested or whose property is affected by said proposed improvement and will decide whether the benefit that will accrue to the property abutting and adjacent to the proposed improvement, and to said city, will be equal to or exceed the estimated cost of the proposed improvement as estimated by the City Civil Engineer.

Witness my hand and seal of the City of Rushville, Indiana.

MAYS MAN EXPIRES AFTER OPERATION

Little Hope Held Out For Elmer C. Flint When he Went Under Knife For Peritonitis.

BODY IS TAKEN TO BATH, IND

Elmer C. Flint, of Mays, died yesterday afternoon late at the Sexton sanatorium following an operation for peritonitis. Mr. Flint had been ill for a long time and submitted to the operation in the hopes of bettering his condition but he was critically ill at the time and little hopes were maintained for his recovery. Mr. Flint was fifty-two years old and was well known especially in the northern part of the county.

He is survived by his widow and three children, Lon Flint, Mrs. Stella Whiteman and Miss Bertha Flint. The remains were taken to College Corner, Ohio, this morning and from there will be taken to the home of his daughter, Mrs. Whiteman, at Bath. The funeral services will be held there tomorrow.

Injury to Third Baseman Putting Him Out of Worlds Series More Psychological Than Real

Market Commission of Chicago Suggests That City be Not Made Dumping Ground for Floaters

STALLINGS PLANS ARE MADE

WOULD NOT CUT FORCE

BY HUGH S. FULLERTON
(Written for United Press.)
Philadelphia, Pa., Oct. 7.—Boston's Braves are striving to rally from one of the hardest blows ever suffered by a worlds series aspirant. "Red" Smith is left in hospital in Brooklyn, with a compound fracture of an ankle and Stallings' plans for the series are seriously disarranged. Smith broke the leg in the ninth inning of the first game in Brooklyn yesterday trying to "show off" for the benefit of the Brooklyn fans. Stallings had told his men that the regulars would be excused from the second game so Smith's injury came at the last possible moment.

By odd coincidence it was the fourth anniversary of the accident to Evers who broke his leg on the eve of the world's championship series between Chicago and the Athletics. Stallings told me today his plans for filling the gap in the defense. He will start Deal in each game of the series but, if a situation arises in which a hit is needed he will withdraw Deal and send Whitted in to bat and play third base. The chief effect of the injury to Smith is psychological rather than real.

4,000 FANS IN LINE.

(By United Press.)

Philadelphia, Oct. 7.—Fully four thousand sleepy-eyed and bedraggled fans were in line when the tickets for the world's series baseball games were put on sale at 9 a. m. here today. Three thousand men and boys held their places all night despite an intermittent drizzle.

Amusements

The fourth episode of "The Million Dollar Mystery" will be shown for the first picture at the Princess tonight. This one is as thrilling as those past and the adventures are told in a dramatic manner. The other is a drama of college life entitled "The Man with the Glove." Tomorrow night the two reel Vitagraph feature "An Wolf's Clothing" will be shown. Alice Joyce and Tom Moore are featured. Friday night the "Perils of Pauline" will be shown.

The Gem will show a two reel Bison drama "Tribal War in the South Seas" for the first picture tonight. William Clifford and Marie Walcamp are featured and it is said to be a thrilling drama. The other is a Joker comedy entitled "Wife's Busy Day." Max Ascher and Louise Fazenda are featured. "The Trey O'Hearts" will start Thursday in the Daily Republican and the first picture will be shown at the Gem Saturday night.

New Treatment for Croup and Colds

Relieves by Inhalation and Absorption.
No Stomach Dosing.

Plenty of fresh air in the bedroom and a good application of Vick's "Vap-O-Rub" Croup and Pneumonia Salve over the throat and chest will relieve all cold troubles quicker than internal medicines. Just apply Vick's and cover with a warm flannel cloth. Leave the covering loose around the neck so that the vapors of Eucalyptol, Thymol, Camphor, and Menthol, released by the body warmth, may be inhaled all night long. Next morning the head is clear and phlegm loosened. In addition, Vick's is absorbed through the skin, taking out the tightness and soreness. Entirely external—the ideal treatment for the little folks. Three sizes—25c, 50c, and \$1.00, at all dealers.

WOMEN INVADE EVERY INDUSTRY

Report Shows That Eight Million Are
Engaged in Gainful Occupations
in This Country

THIRTY-ONE ARE BLACKSMITHS

Some Are Even Becoming Coal Miners
And Others Take to Bricklaying
and Engineering

(By United Press.)

Washington, Oct. 7.—More than 8,000,000 women and girls over 10 years of age, in addition to the great host of housekeepers, are engaged in "gainful occupations," according to Volume IV of the report of the Thirteenth census, just published. Women, the report shows, have invaded practically every industry in search of a livelihood, some even resorting to such occupations as deckhands, and stevedores and some even becoming coal miners.

Of the 71,580,270 persons in the United States who were 10 years of age or over in 1910, 38,167,336 were reported engaged in "gainful occupations." In other words, about thirty-eight million worked for money. Of these, 30,091,564 were males and 8,075,772 were females. But the report explains that women who keep house for their husbands and who do not receive wages are not classed as engaged in "gainful occupations."

Of the more than 8,000,000 women who earn their own living outside their homes, 1,094 are engaged in the extraction of minerals. Of these 405 were coal miner operatives; 45 worked in quarries and the remainder were engaged in the womanly business of digging copper, gold, silver, lead, oils zinc and gas.

Thirty-one women blacksmiths actually wield the hammer; there are 15 bricklayers, 10 stationary engineers; 16 "furnace men", and 90 glass-blowers. Ninety women work in the sweet-scented atmosphere of the fertilizer factories and a total of 6,140 labor in the iron and steel industry.

Much later numbers of course, appear in the "women's trades," such as dressmaking and clerical employment. But there are 14,051 compositors, linotypists and typesetters and textile industries use 16,038 female laborers, 7,081 beamers, wrappers and slathers, 4,892 hobbin "boys", 5,906 carders, combers and lappers, 17,515 drawers, reavers and twisters, 96,276 spinners, 99,444 weavers, 57,063 winders, reelers and spoolers, and 113,972 in other occupations in the textile mills and factories.

There are 117 women who make their living by working as metal molders, founders and casters, and three who are gunsmiths; there are 23 oilers of machinery; and 797 women paperhangers; while the plasterers number 6, and the sawyers 19.

Of sewing machine operators in factories, the figures show 231,206. There are 782 women shoemakers and cobblers not in factories; there are 1,293 upholsterers.

The water transportation industries are represented by 15 women boatmen, canalmen, and lock keepers, by 44 longshoremen and stevedores, and by 12 sailors and deckhands. Road and street transportation shows 37 women hack drivers, 33 women chaffeurs, 73 draymen and 6 women hostlers and stable hands.

There are 1,808 boys and 5 girls between 10 and 13 working in coal mines. One of these little girls is a "breaker hand." There are 19 boys under 13 years at work in copper mines, 258 in iron mines; and 51 boys and 12 girls in lead and zinc mines. There are 352 boys and 311 girls under 13 in clothing factories; corset factories, glove factories, hat factories—all the list—shows the same thing. And, of course, there is a very much larger number of children between 14 and 15 years. There are 487 children under 15 reported in the fruit and vegetable canning industries.

Joseph Luchte, Greensburg machinist, has been brought to the Sexton sanatorium for an operation tomorrow.

HORSE SHOW IS BEST EVER HELD

Annual Event at Arlington Tuesday
Attracts Record Crowds and
People Are Entertained.

COMIC OUTFITS A FEATURE

Band of "Gypsies," Twelve Women
Playing the Parts, Win First
Prize in This Contest.

The annual Arlington horse show, held yesterday, was the best that little town has ever held and attracted an unusually large crowd. All the classes in the show were well filled and more horses were entered than ever before. One hundred and twenty-four head of horses competed for premiums. Much of the credit for the success of the horse show goes to D. M. Baldrige, secretary of the association.

John King of Connersville acted as judge at the show and his work was considered of high order. One of the features of the show was the comical outfits, three being entered in the contest. A band of "gypsies" composed of Mrs. Elmer Readle, Mrs. Olive Brown, Mrs. James Alsmen, Mrs. Robert Jordan, Mrs. Earl Downey, Mrs. Floyd Woods, Mrs. Bert Leisure, Mrs. Fred Catt, Mrs. D. M. Baldrige, the Misses Mary Baldrige and Helen Downey and Francis Readle, captured the prize.

The "gypsy" band was a big hit. Their outfit was cleverly arranged. Mrs. Catt was the fortune teller and carried out the part to perfection. She even stole the judge's watch. The second contestant was a band of suffragettes and the third was a clown outfit arranged by D. M. Baldrige. It was a horseless carriage. The horse was pushing the cart instead of pulling. The Arlington band furnished the music for the show.

The complete awards of premiums are as follows:

Grips Your Heart!

If you've got a drop of red blood in your veins—if your heart beats one bit faster to the tune of romance—adventure—love and mystery—then you've something in store so far ahead of anything you've ever read or seen that you'll forget the best among the rest.

The Story

We cinched the exclusive publication rights to Louis Joseph Vance's new sensation, *The Trey O' Hearts*—we did it at a price that staggered other publishers—biggest sum ever paid for a serial of its kind.

The Pictures

The Universal Film Manufacturing Co. pronounced *The Trey O' Hearts* the best action story for film purposes they had seen in three years. They backed up their judgment by putting the punch and \$200,000 cash into a set of pictures that are more than remarkable—they're simply extraordinary.

Won't Cost You One Red Penny

You read a paper regularly. Read ours and get all the soul-stirring, heart-gripping installments of *The Trey O' Hearts*—it sets a mile mark in literature and it won't cost you a penny more to read it.

Overshadowed

"The Fortune Hunter"—"The Black Bag"—"The Brass Bowl"—Louis Joseph Vance wrote 'em all. You know what millions thought of these stories. You know how they gripped—thrilled and inspired. But *The Trey O' Hearts* overshadows them all. Vance has set himself a mark in this story he'll never beat and we doubt if even he, master of the written word, will ever pen another like it. Action—plot and telling, all combine to push *The Trey O' Hearts* into the top notch of the best sellers in record time.

Mental Back Somersaults

No matter how clever, you can't fathom the plot of *The Trey O' Hearts* one inch ahead of the words you're reading or the scene you're viewing. It keeps you turning mental back somersaults all the way whether you're reading the story or seeing the pictures.

Superhuman Imagination

The imagination of this man Vance is superhuman—surprise is too mild a word to describe situations *The Trey O' Hearts* is filled with to overflowing. And the end of every installment, written or pictured, is a startling climax that leaves you tense in every nerve, waiting and watching for the next one.

between courses as it were. The English didn't give him time enough around any armament works to find out whether England was using breech-loading cannon or pop-guns.

The English figured the Herr Krupp might possibly pick up some information which would please the Kaiser immensely. And so that was why they dined him and dined some more.

CHANGES IN LOCATIONS

Proposed Moves Involve Two Groceries and a Meatmarket

A change in locations involving a meat market and two groceries will take place next week. Don Casady will move his meat market to the room now occupied by the Stewart Brothers grocery, corner of Second and Morgan streets, and the Stewarts will move to the Helm room in North Main street, which was formerly occupied by the postoffice. B. A. Black, owner of a grocery at the corner of Buena Vista avenue and Third street, will open a new store in the A. L. Stewart room in West Second street, which was formerly occupied by the Malady candy kitchen. Mr. Black will continue to operate his present store in addition to the new one. He hopes to open his new place in a few weeks.

word of the letting and it is up to her and the contractor.

The question of several new alley crossings was left to the street and alley committee, with power to act.

The city clerk was instructed to notify the Indianapolis and Cincinnati Traction company to oil Seventh street from Harrison street to Jackson street and put the street in the condition they found it before placing fresh gravel there. The people residing there, the council held, did not get the benefit of the oil as the traction company placed fresh gravel on the street.

The city treasurer's report for the month of September was received and ordered referred to the finance committee. The resignation of Eli Jones as street commissioner and the appointment of Will Havens was made a matter of record upon the recommendation of Mayor Bebout.

The horse show company was granted the use of the streets for the coming event and the city also agreed to wire the court house lawn. The streets are not to be blocked any more than necessary and the street committee and the police were instructed to see to this.

The water and light committee was given the power to erect a barn for the horse recently purchased for the water and light plant. The barn will be built near the plant.

The Rushville Furniture company, in a communication to the council, asked the city to remove three poles from their ground near the factory. Three years ago the factory asked for lights and when the old council found out that they only wanted the lights for night use in the factory when their own plant was not running, the work of placing the wires there was discontinued. The council believed that the factory should be given light if it desired it now and the water and light committee will find out just what the factory people want. The committee was given power to act.

The engineer's plans and specifications for the East Ninth street sidewalk improvement was adopted and October 22 set for the time of hearing remonstrances and receiving bids. The sidewalk is from Willow street east to George street and the work is to be completed by December 1st.

Last night was the time named for the hearing of remonstrances against the assessment role for the street oiling and as none was presented the assessment role was approved.

MAY PUT ACROSS RADICAL RULE

Senator Owens Believes Senate Will Do Away With Long Tiresome Debates in Future

TOO MUCH FILIBUSTERING

Secretary Bryan Forced to Put Ban on Grape Juice Because it Did Not Agree With Him

BY BURTON K. STANDISH
(Written for United Press.)

Washington, Oct. 7.—After the end of the next session of Congress, if predictions of Senator Owens, of Oklahoma are accurate, there will be no more tiresome unending debates in the United States Senate. It will be possible, if the plan of the Oklahoma senator is carried out, to make a motion at any time in the consideration of any bill to bring debate to a close within two days, half the time remaining after the motion is carried to be assigned to each side of the argument.

For obvious reasons no fight is being made at this session to put through any such "radical" change. A number of the older senators are desperately opposed to any change, and would filibuster it against it.

Under the present rules, if enough of them got together and continued to talk, it would be impossible for a vote ever to be reached, so that plenty of time would be lost to put through this time-saving rule. But time is just what there is a scarcity of at this session of Congress, which has already dragged along to almost record breaking time length, and threatens to continue up until December when the next regular session begins.

A striking example of what one senator is able to do in the way of obstructing legislation was shown at this session in the action of Senator Burton, of Ohio, in opposing passage of the rivers and harbors "pork barrel" bill. Under the present rules a senator may discuss a bill for a year continuously, if he is physically able to do so nor is he confined to the subject under discussion.

They still tell the story of how "Pitchfork Ben" Tillman on one occasion, while filibustering against some measure to which he particularly objected, quoted a word in a peculiar sense. His use of the word was questioned, whereupon he had a dictionary brought in, and, to prove that the definition of the words and definitions in that dictionary was to be accepted, read page after page of words and definitions to prove that the dictionary he quoted was an authority which could be accepted.

The principal defense of the present system is that no filibuster could succeed which did not have a tremendous popular sentiment behind it. It is pointed out that if Senator Burton did not have strong support to prevent the passage of the rivers and harbors bill, he would not have been able to resist the outcry which might have been aroused by the terrific waste of time to which he is resorting. It is pointed out that Senator Gorman, of Maryland, was cherished until he died, (except on one or two occasions) by the people of that state because of his famous filibuster which prevented the passage of the Force bill. Senator Owen himself, who is leading the fight for cloture in the Senate, was recently taxed by Senator Gallinger, of New Hampshire, with having filibustered against the bill admitting Arizona and New Mexico as one state. He retorted that he was proud of his action on that occasion, and, as long as the rules permitted, would not hesitate to take advantage of another opportunity to kill a piece of legislation he considered bad.

Here's "one" they're telling on Democratic Leader Oscar Underwood.

When debate was raging over whether gasoline should be taxed two cents a gallon in the "war tax" bill, Underwood was at the White House. A friend—an automobilist—button-

holed Underwood to protest against the proposed "gas" tax.

"You shouldn't mind paying a small tax like that on gasoline," said Underwood. "I'm sure I would not."

"But" his friend retorted, "you drive a electric car." The Alabama statesman, who does in fact use an electric runabout, joined in the laugh which followed.

Secretary of State Bryan has placed a ban on grape juice, the drink he helped make famous. Finding grape juice at his plate at all functions to which he has been invited, and grape juice in cases, the gift of admiring friends, piling up in his cellar, and making its way almost daily to his table, the Secretary's stomach finally rebelled.

This, his friends say, explains why "Villa Sorrento limade" made from fruit picked from the Secretary's summer home in Florida, was dedicated at the diplomatic luncheon he gave the other day as the new Bryan soft drink.

But the secretary is not looking for contributions of limeade. His grape juice experience demonstrated to his satisfied that, whatever may be its effect in other kinds of drinks, a certain mixing of soft drinks is demanded.

NOTICE

Of Sale of Bonds of Rushville School City.

Notice is hereby given that on the 15th DAY OF OCTOBER, 1914, at one o'clock P. M., the School Board of the School City of Rushville, Indiana, will offer for sale, at the office of Dr. J. B. Kinsinger, Treasurer thereof, in Rushville, Indiana, an issue of \$31,500.00 of bonds of the School City of Rushville, Indiana.

Said bonds will be sixty-three in number, dated October 15th, 1914, each bond being of the denomination of \$500.00, bearing 5% interest annually from date, and payable semi-annually on the 15th day of January and the 15th day of July each year after date until all of said bonds are paid.

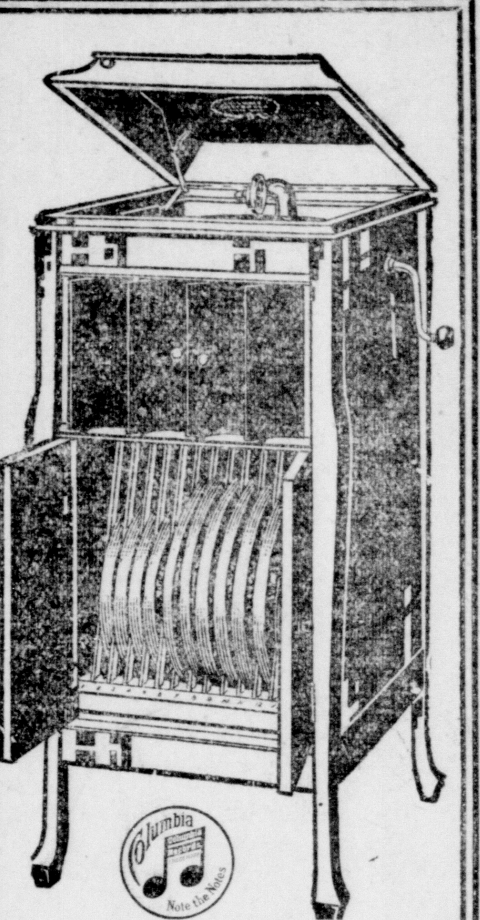

The principal of said bonds will mature \$15,000.00 on the 15th day of January, 1917, and \$15,000.00 each six months thereafter until said series of bonds have been retired.

These bonds will be issued for the purpose of raising funds with which to complete the construction of the school building now in process of construction on the east end of what is known as the High school lot in the city of Rushville, Indiana, and the aggregate debt proposed to be made is \$31,500. Said building will be a combination of brick, cement and stone, and will be about seventy feet in width by about one hundred fifty-two feet in length. It will be two stories high, with basement.

Said bonds will be issued in strict compliance with the laws of the State of Indiana, and pursuant to an order of the School Board of the School City of Rushville, Indiana, authorizing said bonds to be issued for the purpose of providing funds for the erection and equipment of a new school building.

IS HAVING AN ENORMOUS SALE

"Nations at War," Attractive Work on Great Conflict, is Making a Popular Appeal.

GREAT INTEREST IS NOTED

Those Who Want to Keep Abreast of Times Are Clipping Coupons to Get This Book.

Judging from the universal number of inquiries received regarding the latest offer made by the Daily Republican, part number one of "The Nations at War" is having an enormous sale.

That everybody is interested in the great war in Europe goes without saying. But never before in any great crisis have the people of this country been so completely cut off from the truth as it has been in reference to this world's greatest war. The true facts are bottled up by military censors for many days at a time. Readers now want the truth, and nothing but the truth, without fear or favor. They want full details, with accurate information from a wider viewpoint. Such is the purpose of this complete war story which is to be issued in fortnightly parts.

A large staff of experts sift out from the mass of reports those things which are authentic. Arrangements have been made through private sources for photographs of actual war scenes, which tell a story more convincing than anything that could be written about them. An able staff of war correspondents and reliable agents abroad are now gathering every scrap of information that will make this the greatest war record ever compiled, and absolutely indispensable to all who wish to be informed accurately of the true facts of this historic conflict.

The Daily Republican urges every one of its readers to clip the War Book Coupons as they appear from day to day, and not only get part one, but every other one of the parts that are to follow every two weeks. Don't miss one of them, as the entire series tells a continuous true story, such as can be had from no other source. They are all printed on enamel paper, from large clear type, and many of the illustrations are reproduced in splendid color plates.

Clip your coupon to-day and present it as early as possible Friday.

PROGRAM FOR REST OF YEAR

First Meeting of Parent-Teachers Association of Grades Will be Held Friday Afternoon.

TO MEET ONCE EACH MONTH

The Bible, Music and Literature Some of Things Which Will be Studied by Members.

The first meeting of the year for the Parent-teachers association of the grades will be held Friday afternoon at two-thirty o'clock in the Graham school. It is hoped to make these meetings even more attractive than last year when the plan was started in the local schools. The Bible will be the general subject of the first program. The complete program is as follows:

The Bible.

How to make the Bible interesting to children.

Do parents rely too much on the Sunday school for the religious training of children and too little on their individual effort?

The Bible in the schools. Points for discussion. Is the Bible interesting to me? How my parents taught me. What helps have we in our home for Bible study?

In how many homes is the Bible studied?

How supplement aids the work of the Sunday school?

Following the usual plan the parent-teachers association will meet once each month. For November the topic to be taken up is to be Music and in December literature will be the general topic. The programs for November and December are as follows:

Music, Nov. 6.

Value of music to the people. Music in the schools. Music in the homes. Points for discussion! How music has been a benefit to me. Examples of music's power to quiet children. What makes music of a high

grade.

The kind of music heard on the streets and in the homes.

Singing church music in homes.

The value of music lessons to children.

How much time practicing music lessons.

Literature, Dec. 4.

What constitutes good literature.

Story telling as a means of child culture.

A graded selected list of books for children.

Points for discussion.

Books that I have enjoyed and why.

Stories told me when a child.

My experience in story telling.

How to get a child to read good books.

How to advertise what you know to be good.

My experience in reading stories to children.

Some good story papers for children.

Is it a good plan for children to read aloud to the parents?

Thomas Thatcher, age seventy-two years, father of Louis Thatcher, formerly of this city, is dead at his home in Indianapolis. The funeral, which was held this afternoon, was in charge of the G. A. R. and the Odd Fellows. Mr. Thatcher and his wife would have celebrated their golden wedding anniversary if he had lived until the nineteenth of October.
